

Remember this? "covers are now made overseas, it is a nightmare! material being cut in Mexico, sewn in China, go figure! We continue searching for a better way.....well, I FOUND IT.

I have been on a quest for a GOOD truck cover manufacturer. We have been dealers for Covercraft, Coverking and California Car Cover for years, but I have not been happy with them for some time. Quality going down, Prices going UP, way up!!! This year found a company that will make our cover my way, with reinforcement at those sharp bed corners, long enough to cover bumpers and running boards, enough room for mirrors and just a tad cheaper than building a garage!!

Note: We have done a lot of research into covers and these are the 4 Fabrics that we feel are the best available and cover the kind of storage and protection needed most. I do not care for cotton covers with flannel lining, flannel feels great to the touch, but tends to trap tiny pieces of sand, shavings, grass, and such in the "soft" fuzzy lining, *not* good for paint.

*Vinyl covers are turning up lately, completely water-proof, so great for temporary storage, but, time flies by and I am a little concerned about "vents" being the only way air can circulate should the storage get to be longer than expected..

*****Check out the new slick silver cover with a Door zipper on driver side, handy!**

PANELS & LONG BED TRUCKS, because of size and low numbers still more expensive and not ready in all fabrics.

Sy's pattern, so made just for 1953-56 Ford F-100 short bed trucks, but, fits 48-52 (little big) and even most 50's Chevy's.

SILVER-TECH NEW LOWER PRICE

LOWER \$\$

3 layers The most exciting one we had made, DOOR ZIPPER, on driver side. What a great cover for shows. Keeps interior cooler, we are in Arizona so very aware of how important UV resistant sun reflective covers are for protection. Lightest weight, so easy on and off. Super slick inner side pampers paint. No comparison anywhere,

Sy's pattern and yes, it really does have a door zipper!!!
