

We stock 3 power window kits, the popular Specialty kit and our favorite kit. All power window kits on the market are "Universal-you-make-em-fit-your-vehicle" including the Specialty show below. Our POWER WINDOW INSTALL KIT, shown on previous page, & Power Regulators are the ONLY kits made specifically for 1953-56 F-100's.

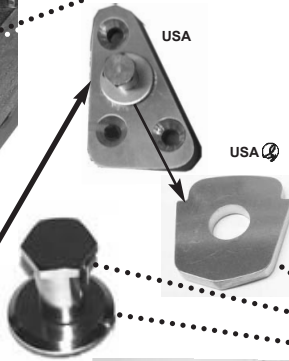

SPECIALTY POWER WINDOW KIT . . . 1739 . . . \$395.00 kit

Cable driven. Includes black switches, double for driver and single for passenger, stainless flexible door jam wire conduits and video instructions. Widely advertised, nice instructions, no install kit or switch choices. Nice kit, but same \$\$ would get kit on previous page with Fancy Billet Switches plus the easy install kit, and all with same warranty.

Only cut you make is here, & plate helps cover any mistakes.

Plate bolts or welds in Striker & Pin bolts to original striker location

ALTMANS EASY LATCH, Bear Claw Locking kit, neat, clean, easy install, solves lots of problems. All engineering is done. Uses new USA made "Bearclaw" like latches, assembled as shown with all the linkage and plates for F-100. (will not fit any other makes or years, sorry) Uses stock door handles inside and out. Even locks with stock outside key lock. (Inside handle does not lock door) Plates can be Welded or Bolted in, and cover the only small cut needed. Striker and pin are included and bolt in original striker location. Perfect for already painted truck, Really Neat Kit !!!! Pin is gold, for polished pin see below.
