

SEAT BELTS

Pre-threaded shoulder bolt location. Special bolt comes with seat belts.

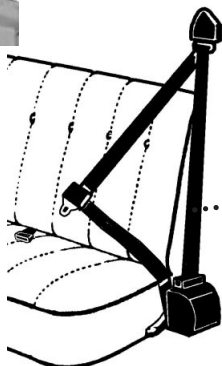

BOLT IN SEAT BELT MOUNTS, can be welded in or Bolted. Utilizes strength of upper cab for safety by going behind both sides. Mounting position is preset at correct height. Recessed and positioned to use ABS or stock headliner, or any other upholstery. Fits standard window cab. PAIR with hardware2180\$89.00 pr.

Big Back Window Post inserts, must be welded in, threaded for shoulder mounting bolt2181\$13.50 pr

Seat belt colors, Push button style is Stocked in Black, Charcoal, Silver, Antelope, Maroon & Dark Blue no added cost. About 60, additional colors, like bright red, yellow, lime, purple, etc. available in Aircraft style Chrome buckle only, retractor cover is black.

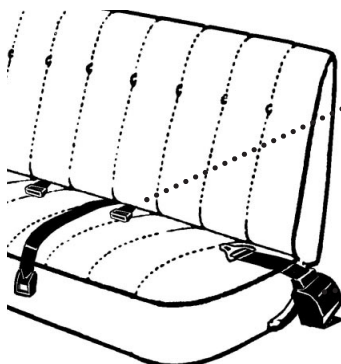

We have done some research on seat belts and these are the highest quality we found. Ask for color samples. Belts are retracting and fit best mounted just slightly behind seat, ALL mounting hardware is included. **CHROME LIFT LATCH STYLE**, I just hate belts that don't retract so did not stock Chrome lift latch style until I could get good retracting ones. ****BELTS ARE SOLD PER PERSON and include hardware.****

Big overstock buyout of colors see our website or call, good deals!! some colors cheaper, some higher
