UNDER-DASH FIREWALL COVERS, ABS, These are the best! Textured Black ABS with ribbed edge, easy installation. Can be left as is for nice stock look or covered. Order with holes only if your truck has stock Heater, etc. If not, order without holes, we have a handy dandy full size hole pattern blueprint (B-2134) showing any stock holes you might need. Fasten with clips or bolts. The ends of the fasteners show under the hood on the firewall, check out the bolt and acorn nut set so Polished Acorns will show on firewall side.
