

1953-5 DASH PANELS

CAST ALUMINUM DASH PANEL 3 3/8" speedo only. Leave as is or paint to match dash, fancy gauges pop out & dash disappears. Cast aluminum is difficult to polish, not as smooth as Billet, for brightest finish see polished billet panels. Mounts in original holes.

SATIN CAST FINISH2622-5355\$95.00

POLISHED BOLT KITS, Mounts Cast Dashes or just to fill original dash mounting holes when using billet aluminum clip in dashes.

3 3/8" SPEEDO & TACH, POLISHED2645-D6\$160.00

Small
gauges
inside
clustered
in square.

USA

Dolphin gauges
shown

Gauges determine hole size: The speedo size is the key, as the smaller gauges always follow as so:

3 1/8" speedo has 2 1/16" gauges.

3 3/8" speedo has 2 1/8" gauges.

Motorsport Gauges use 3 1/8" hole with small offset.

VDO, Stewart Warner and Autometer use 3 1/8" hole

with small offset, also come in 3 3/8" with small offset.

Dolphin & Classic Gauges are 3 3/8" with large offset

Call for help with dash and gauge combos.

ALL Gauges MUST use matching sending units.

Small
gauges
on outside.
