

STOCK STYLE GAUGES

ACCURATE stock gauges at long last, wanted to do these for 25 years.

Introductory price, got to move them quick!!! Am out on a limb and bank has a chain saw.

ORDER SET OF 4 WITH SENDERS and SAVE

- * Gauges have same modern technology as new aftermarket gauges but look and fit like original.
- * Sending units are included. Gauges and sending units are also available separately.
- * All gauges, including ours, require matching sending units.
- * Gauges and Senders are 12 volt, Negative ground
- * Battery Gauges are Voltmeters. Ampmeters are not advised.
- * We also have NOS Reproduction Battery Gauges, made as original with loop on back for long yellow wire.
- * Fuel senders include adapter kit #1605-ADPT so they fit both original and aftermarket tanks.
- * Temp. gauge mid point is 160 degrees, Oil mid point is 40 PSI
- * Temperature sending units for Stock Original gauges are available, different than below, see page 45
- * Flat head engines require 2 Temperature sending units #2698-5, gauge will show hottest reading.

BACK IN STOCK!

**NPT (National Pipe Thread) What a Pain Pipe thread is. OK, I gave up, including pipe thread adapters with temp senders. Most original engines, including Flat Heads & Y Blocks use NPT 1/2" If you need specific adapters they are:

1/8" id x 1/4" od...82698-14..\$1.50, 1/8" id x 3/8" od..82698-38...\$1.50, 1/8" id x 1/2" od...82698-50...\$2.25
