MATCHING INNER SCREW6V-2902\$6.00 ea.

MATCHING KNOB6V-1001\$7.50 ea.

HEADLIGHT BULBS, sold each, one bulb.

Halogen is the latest in lighting technology, brighter, use less energy, easy to replace, etc. Replacement bulb pushes in from the back and has rubber seal. There are so many new bulbs on the market, many do not fit truck just right because of thickness of bulb edge and depth of retainer ring, some are a little off center, etc. If having trouble check how bulb sits in retainer and that nothing hits the bucket, see also relay on pg 55

Stock 6 volt Standard bulb6V-2268\$20.00 ea.

H4 bulb, push-in, White (one)2264-W\$8.50 ea.

H4 bulb, push-in, Blue (one)2264-B\$18.90 pr.

Halogen, stock look, except H4 bulb, flat face ..2268\$22.50 ea.

Halogen, Euro style, Smoth Crystal Face ..2268-E\$39.50 ea.

Halogen, with 34 LED's in outer ring, Amber 2268-AA\$64.50 ea.

same as above but outer ring is, White 2268-AW\$64.50 ea.

Use LED's as park lights, great for shows, uses very little power

Halogen, with LED accent, Blue2268-LA\$32.50 ea.

Halogen, with bottem turn signal, Amber ..2268-TS\$34.50 ea.
