CORNER REPAIR TAB 1560 \$35.00 pr

Rear steel inner fender corner replacement for stock inner fenders, a common rust area, see also the mounting brace on previous page

SPACER BAR 7501 \$24.00 pr

Professional builders use this in small gap between custom fender and inner fender, pre-punched holes, paint to match fender or black to disappear.

FRONT END BOLT KITS

UPPER FRONT FENDER TOPSIDE AND VALANCE

All body bolts that are visible with hood open, running down both fenders and across valance. Does not include latch bolts. We assume some of the existing cage nuts may be missing so we have included locks, nuts & washers with the following kits.

Black original style	87050-BL	\$22.50 kit
Plain stainless hex head	87050-SX	\$28.50 set
Polished stainless button head	87050-PB	\$78.50 set
Polished stainless hex head	87050-PX	\$68.50 set
Cage nuts	see above	
J-nuts	see page 102	

LOWER FRONT END BOLT KIT

All the bolts that are somewhat hidden, does not include the ones along the top of the fenders. (See kits above). All bolts are fine thread and include both matching flat washers, nut & lock or Nylox.

Hex head zinc plated	87020-Z	\$29.00 kit
Hex head stainless	87020-SX	\$49.00 kit
Button head stainless	87020-SB	\$75.00 kit
Polished stainless hex	87020-PX	\$135.00 kit
Polished stainless button head	87020-PB	\$150.00 kit

If you want every bolt in the truck polished, great, but some threads show so you might want about 30 acorns & flats

Set	# IMNUTS	\$50.00 kit
-----------	----------------	-------------

POLISHED COMBO KITS

Top is polished stainless and bottom kit is plain stainless, choose bolt style. Make sure you use anti-seize when putting it together the first time, because it probably won't be the last.

Button head bolts	87025-CMPB	\$139.00 kit
Hex head bolts	87025-CMPX	\$117.50 kit

ANTI SEIZE

1/4 OZ tube	87000-1	\$1.00 ea
4 OZ bottle	87000-4	\$6.95 ea
