- "J" bolt , 6" long .....1379.....\$11.50 ea

# STOCK STYLE WHEELS

We only offer stock style wheels. We sell almost 100 different combinations depending on diameter, width, bolt pattern etc So please call us so we can help you pick out the right one, no room here to list them all.

1953-54 wheels were painted to match truck, in 1955 they were snow shoe white and 1956 they were colonial white (both colors were somewhat off white toward cream) (all F-250 wheels in all years were black) Stock wheels are 15", 5" wide with a bolt pattern of 5 1/2" and backspace of 3". We suggest for most trucks that are not "exact of original" but want the original look, a 6" or 7" wheel might be a better choice. Extra shipping costs. Wheels over 8" wide SPECIAL ORDER non returnable

## WHEELS \$80 to \$180 depending on size and options:

- 15" - 17" diameter
- 4.5" - 10" widths
- Many bolt patterns
- Many back spacing options
- Plain steel, chrome or coated finish

### WHEEL BOLT PATTERNS

- 1953-56 Truck wheel . . .5 x 5 1/2
- Ford car, later trucks . . .5 x 4 1/2
- Chevy wheels . . . . .5 x 4 3/4
- Some Other GM . . . . .5 x 5
- Aspen, Volare, etc . . . . .5 x 4 1/2

## WHEEL ADAPTERS

- Order by wheel and hub bolt pattern .....1385-(size)..\$189.95 pr

## LUG NUT CUPPED WASHER

- For worn wheels, set of 5, does one wheel .....1309-CW .....\$4.95 set
