

HOOD & FENDER ALIGNMENT

USA

HOOD ALIGNMENT ROD

Has a small bend at back where it goes to hood reinforcement brace. DO NOT over-tighten, this rod can easily buckle a hood.

- Polished stainless.....2050-PS\$38.50 ea
- Plain stainless.....2050-SS\$29.00 ea

USA

HOOD ALIGNMENT ROD BOLTS

Bolts end with hole to back hood reinforcement brace.

- Polished stainless hex82053-PX\$6.00 pr
- Polished stainless button.....82053-PB\$6.50 pr

USA

FENDER ALIGNMENT ROD

This rod is important for proper alignment of fenders. Originals had large round end, the ones we make now-days have a smaller, cleaner end. These rods will not correct fender alignment if the frame and/or cab mounts are to blame. See page 110 for additional cab alignment tips.

- Polished stainless.....2054-PS\$38.50 ea
- Plain stainless.....2054-SS\$29.00 ea

USA

FENDER ALIGNMENT ROD FIREWALL BRACKET

Original was welded at firewall. Can be welded or bolted on.

- Polished stainless pair2059-PS\$68.50 pr
- Plain stainless pair.....2059-SS\$52.50 pr
- Alignment firewall bracket bolts82059-PB\$15.00 kit

USA

FENDER ALIGNMENT ROD VALANCE BRACKET

Die stamped copy of original.

- Plain stainless, each, driver or pass.....2055-SS(LorR)....\$26.50 ea
- Polished stainless, pair.....2056\$99.00 pr

FENDER ALIGNMENT ROD BRACKET BOLT KIT

Bolts that go to valance below, These are also included in front fender bolt kits on page 105

- Polished stainless button head.....82056-PB\$12.00 set
- Polished stainless hex head82056-PX\$10.00 set
- Black zinc80256-BL.....\$5.00 kit

Use only if bolting brackets to cowl, needs new holes

FENDER ALIGNMENT ROD BOLTS TO COWL

Both ends show it comes with acorn nuts to cover the threads.

- Polished button.....82055-PB\$7.90 kit
- Polished stainless hex82055-PX\$7.50 kit

FENDER OR HOOD ALIGNMENT ROD ADJUSTING END KIT

We made this fancy acorn nut to cover the thread end. Nice, huh!

- Kit with hex nuts82050\$10.00 kit
- Kit with adjusting acorns.....82052\$15.00 kit
- Adjusting acorns, pair82051\$7.90 pr

Just replace adjusting acorns if existing hardware is already chrome. All our hardware for stainless rods is chrome, as using stainless nuts against stainless rods in an adjustment area is just asking for trouble. Always use anti seize, stainless will meld itself together, permanently

- Anti seize 1/4 oz87000-1\$1.00 ea
- Anti seize 4 oz bottle87000-4\$6.95 ea

UPPER RADIATOR VALANCE

Hood locking panel, goes over radiator from fender to fender

- Stock style2335\$139.95 ea
- Modified for crossflow radiator..... see page 75
- Used also availableU-2335\$100 - \$120ea
- Valance bolts, polished hex81560-PX\$28.50 set
- Valance bolts, polished button.....81560-PB\$29.50 set
