Life, Love, Laughter, Longing and Loss

Daughter, Sister, Mother, Partner & Friend

Forever with us in spirit, Sy's sister Loretta, who was an integral part of Mid Fifty, was taken from us much too soon. She is terribly missed and will remain in our hearts forever. May her smile, enthusiasm, command of life, spirit and drive continue to inspire and comfort us.

Super-nationals, this picture was taken "after the show" in Gatlinburg. What Fun she was! We loved her and miss her terribly. She never met a problem or an idea she could not handle. May her Optimism, Kindness, Sharp Wit and Can-do attitude live on in our memories of her.

This pin is designed in honor of our Ford truck extended family. Let it stand for ALL our loved ones gone before us. May it be a small symbol of our united fellowship, and silently say what we sometimes cannot. We are honored to offer the pin as our gift. Please ask for and display it.

Joe was a kind, loving, and a tremendously giving soul. His favorite pastime was sailing the waters of Calif., and helping others. He enjoyed working at Mid Fifty's, and was knowledgeable in all that he did. He left us with fun memories that will be in our hearts forever, and we miss him every day.
