HEATER CORE
Rebuilt with new core. Heater cores have different tube designs. Note your style A, B, C or D. If in doubt send your core to us for rebuilding. Heaters are not the same in different years but can be interchanged with little problem, note defrost hose adapter and identification notes above.
 Tubes, 1 straight and 1 angled1935-A..... \$190.00 ea
 Tubes, both angled.....1935-B..... \$190.00 ea
 Tubes, one angled more than other1935-C..... \$190.00 ea
 Tubes, both angled backwards.....1935-D..... \$190.00 ea
 Sold exchange, core charge for all above cores \$50.00 ea
 Copper tubes.....1931..... \$20.00 ea
We make so we can rebuild cores, in copper, so very expensive, included in our cores above
 Note drawings are with the core toward you, and tubes away from you, pointing up
