- REAR CAB MOUNT ARM**
 Original, cast arm 0704-CAST\$24.50 ea

 Sy's adjustable arm 0711\$59.00 ea
The answer for most cab arm problems. Easy installation and adjustment. If it looks like the bed is crooked, might be back of driver side cab. This arm will straighten it right up. (Stock distance hole center to center 6 1/4") after 50+ years of service most cab mounting areas have some fatigue even if you cannot see it. Fine tune cab at any time with just a simple turn even on an assembled truck.
 Adjustable arm & base kit..... 0712\$199.95 kit
Eliminates arms, brackets & bumpers, perfect if your brackets are gone or cab needs more side to side adjustment as well as up and down. Will fix even the worst misalignments. Nice hi tech look, about the same money as all the stuff it replaces. Not as easily adjustable as sy's adjustable arms on a put together truck however. Powder coated black with red delron bushings replaces all stock rear mounting parts, except the inspection hole plugs, order them separately above.
