

ROLL PANS

All roll pans are oversize shipping

Goes under gate over rear x-member under extension, not quite to bottom of rear fender.

Side view, note how the extended pan comes out under the gate, while all rounded pans are flush with the stock bed sill.

USA

Pan goes UNDER bed extension

USA

Box sets UNDER rear x-member, no cutting.

LOUVER MEASUREMENTS

4 rows of 4" louvers with license box. Center line of row 1 is 6 5/8" from edge. Center line of row 2 is 12 5/8" from edge

USA

EXTENDED PAN STYLE

Called extended because it fits beneath tailgate extending out from rear sill to be flush with gate for a nice finished look from the side of truck. Evens up the tailgate for a nice profile. Extended pan does not come quite to bottom of the rear fender, if using license box the original rear sill needs cut out, cut out area will be covered by pan. Easy to install can be bolted on or welded.

- Smooth7243.....\$115.00 ea
- With license box7243-B\$150.00 ea

ROUNDED PAN STYLE

Fits over rear bed sill, no cutting. Meets bottom of rear fender. Can be installed on finished beds, no cutting of rear sill, can be bolted or welded. Goes under bed extension.

- Rounded pan, smooth7241.....\$125.00 ea
- With license box7241-B\$158.00 ea
- Long bed smooth pan.....F2-7241\$195.00 ea
- Long bed with license boxF2-7241-B.....\$225.00 ea

PAN CONSTRUCTION DETAIL

Pans on this page are made from satin coated steel and spot welded. The quality is excellent. However, note that the seams are not hand finished like our pans shown on next page.

LOUVERED PANS

Note if not ordering louvered gate and pan together, watch louver measurements, note how our gate and pan louvers line up in picture. Extended style pans do not meet bottom of rear fender. Round pans do meet bottom of rear fender.
