

# SEAT FOAM • SEAT PARTS

1953-54 Seat and some 1955's had 3" foam over a spring base. Late 55's and the 56 "driverized" seat was a 5" foam base. Our back rest fits both seats and is tapered. We have found on most 53-55's we like a 2" seat base better than 3" and on 56's the 3" seat base gives us larger folks a little extra room. Foam pieces have higher than normal shipping costs

- SEAT FOAM** USA
- Tapered back rest.....2171.....\$85.00 ea
  - 2" Seat foam.....2172-2 .....\$60.00 ea
  - 3" Seat foam.....2172-3 .....\$65.00 ea
  - 5" Seat foam.....2172-5 .....\$85.00 ea
  - Burlap backing, 60".....2176.....\$8.50 ea
- You need one backing for each piece of foam*

- SEAT FRAME BUMPER**.....82146 ..... \$5.50 pr  
*This bumper adjusts backrest and clangs each time you move the seat back, so replacing it with rubber head, nice and quiet*
