HORN BUTTON PARTS

- CONTACT SPRING** 2733 \$6.50 ea

Looks like a piece of grapefruit, it is what makes contact with wire

- WIRE, INSULATOR & CONTACT** 2730 \$14.00 ea

Not included in any wire harness, goes inside steering shaft, Bakelite piece is not available separately, is installed on this wire along with special contact end .

- BRASS CONTACT CAP** 2732 \$6.50 ea

This is cap that must be removed to access shaft nut, make sure Bakelite insulator on horn wire is properly seated in center indent

- RETAINER BELL SPRING** 2734 \$6.50 ea

Slips into slots in cup, makes ears that hold button on, push button down and turn clockwise to install, counter clockwise to remove

- SUPPORT CUP** 2735 \$12.00 ea

Some buttons have different height cups Measure area between spring slot and top, short one (2735-SHT) is 1/8" and was used in 48-52 trucks and many 57-60 trucks, correct one (2735) is 1/4"
