Front, 1953-56 2857-K \$135.00 ea
 Separate leaves order by length..... \$15.00 to .. \$80.00 ea.

STOCK FRONT SPRING ASSEMBLY

*Stock eyes, stock arch, these are stock high-flying springs, check measurements on page 142, be sure this is what you want, if you want any lower see previous pages. We have improved the ends for quieter ride even on this Stock style. *Stock springs are *special order, and not returnable.*
 Assembly..... 2858-K \$250.00 ea

STOCK FRONT SPRING, FORWARD CENTER

Centers wheel in wheel well, maintains STOCK height. Moves axle forward 1.25" 2859-K \$260.00 ea

All our springs have tapered, not cut, ends. Tapered ends offer the smoothest ride, moving friction away from end of spring. And they include POLY buttons at tips.

FRONT SPRING CENTER BOLT 2836-F \$3.50 ea

CENTER BOLT W/ LONGER HEAD..... 2835-F58..... \$4.25 ea

All our front springs come with these longer headed bolts, most trucks need shims so also need longer headed center bolt.
