

POWER STEERING CONVERSIONS

RACK & PINION STEERING

For stock straight axle!! Kit comes with power rack & pinion, rack to axle mounting plate and hardware. Custom made steering arms, tie rod ends, lower u-joint and steering shaft. You will need a coupler from your column to the collapsible shaft

- Rack & pinion kit, stock axle.....4610 \$699.00 kit
- Hose kit4612 CALL

POWER RAM ASSIST STEERING

This system is great for the purist. It bolts to the existing steering system and clears all of the factory components. This will allow the use of the factory steering columns and allow for a stock look without having to suffer with manual steering. Kit includes power cylinder, drag link, heavy duty tie rod, new style tie rod ends, control valve assembly, hoses and all necessary mounting hardware, everything but pump. Includes modified pitman arm but we need the old ones to modify for the next guy so must charge core to get them back.

- Power ram assist steering kit.....4630 \$899.00 kit
