

SEAT FOAM • SEAT PARTS

1953-54 Seat and some 1955's had 3" foam over a spring base. Late 55's and the 56 "driverized" seat was a 5" foam base. Our back rest fits both seats and is tapered. We have found on most 53-55's we like a 2" seat base better than 3" and on 56's the 3" seat base gives us larger folks a little extra room. Foam pieces have higher than normal shipping costs

SEAT FOAM USA

- Tapered back rest.....2171.....\$85.00 ea
 - 2" Seat foam.....2172-2.....\$60.00 ea
 - 3" Seat foam.....2172-3.....\$65.00 ea
