

TRUCK COVERS

Remember this? "Covers are now made overseas, it is a nightmare! Material being cut in Mexico, sewn in China, go figure! We continue searching for a better way, well, I FOUND IT

I have been on a quest for a GOOD truck cover manufacturer. We have been dealers for Covercraft, Coverking and California Car Cover for years, but I have not been happy with them for some time. Quality going down, prices going UP, way up!!! But we found a company that will make our cover my way, with reinforcement at those sharp bed corners, long enough to cover bumpers and running boards, enough room for mirrors and just a tad cheaper than building a garage!!

Our truck covers are long enough to cover the running boards

SILVER-TECH

3 layers The most exciting one, Sy's exclusive design with DOOR ZIPPER, on driver side. What a great cover for shows. Keeps interior cooler, we are in Arizona so very aware of how important UV resistant sun reflective covers are for protection. Lightest weight, so easy on and off. Super slick inner side pampers paint. No comparison anywhere, Sy's pattern and yes, it really does have a door zipper!!! "Chevy guys will be green with envy" Not available for Panel truck, if interested in panel, get on first serve list. Must do up a "roll" at a time, so, to invest in a panel cover we need some "reassurance". Color: light metallic silver

STORM-BOND

4 layers. Best long term storage and protection from dings, hail, kids, garages with family traffic. Two breathable and protective layers inside & soft luxurious fleece inner layer. Outer layer has highest UV (sun) protection available. Ultrasonic sealed seams to avoid stitches and punctures. Color: light grey

This is the cover for newer paint and babied finishes. Very UV resistant, good for high sun areas. Cover is comparable to but exceeds competitor covers costing way over \$200.00. Color: grey
