

SENDING UNITS

NOTE THESE THINGS WHEN CONTEMPLATING GAUGES:

- ___ GAUGE SIZE, This is actually the speedo size, It will be 3 1/8" or 3 3/8" across the part that goes in the hole
 - ___ GAUGE TYPE Mechanical or electric, referring to speedo. Electric costs more but more accurate & easy to change.
 - ___ DASH CLUSTER INSERT Dash clusters come with gauge holes for 3 1/8" or 3 3/8" speedos.
 - ___ TRANSMISSION Speedo senders do not come with most gauges, cables never come with mechanical gauges.
Cables sold on page 38 will fit all mechanical speedos sold in this book. For electrical speedo senders see below.
 - ___ GAS TANK Gas sending units are included in gauge sets and fit most all under bed and reproduction tanks.
Aftermarket gas senders will NOT fit stock 1953-55 or 1956 gas tank without adapter, use our #1605-ADPT
- NOT ALL GAUGES WE STOCK ARE SHOWN, DUE TO SPACE

Be sure to check what ohm your gauges need. Gauges we sell come with sending units unless noted otherwise. Sold here for replacements or those that bought gauges elsewhere and discovered senders were not included.
