

# POWER WINDOWS

Comes with extra "horizontal" frame

Most power window kits out there are universal, most use the same or comparable motors. We are only interested in the 1953-56 Ford truck however, so these are the ones we feel are best for that application. The things you need to consider are: which switches? If you want the window to go down without holding button, and if using solid sides windows

## SWITCH CHOICES

*I don't like the switches that normally come in power window kits, they have a little picture of a car window, and passenger side is backwards for heavens sake!! Therefore our power window kits are priced without switches, add switch kit of your choice below, includes & 3 switches*

### BLACK SWITCHES, ILLUMINATED, BMW STYLE

- Illuminated, set ..... 1744-AR ..... \$159.00 set
- Illuminated, one only..... 1744-A1 ..... \$20.00 ea

### BILLET OVAL SWITCHES

*Billet switch sits in a billet frame, Oval no less! Building a Ford, right? No relay needed with remote controls*

- Non-illuminated..... 1743-OV ..... \$185.00 set
- Illuminated ..... 1743-OLT ..... \$236.50 set

### BILLET RECTANGULAR

- Illuminated ..... 1743-RLT ..... \$218.00 set

### CHROME, GM STYLE

*High quality chrome toggle style*

- Non-illuminated..... 1744-CH ..... \$159.00 set

### HANDLE SHAFT STYLE

*Uses stock handle as switch, wiring diagram included. Both sides.*

- China ..... 1748 ..... CALL
- Made In USA ..... 1748-USA ..... \$269.00 pr
- Install bolts..... 81748 ..... \$1.50 ea

*Included, order only if you got switches elsewhere*

## POWER WINDOW CONVERSION KIT

*Exceptionally smooth and quiet. Use with stock windows or solid side windows, 1956 or even curved 1953-55. Lots of power window kits out there, we carry a few different ones, however we like this one best so it is shown here. 3 Year warranty. Priced without switches, order choice of switches above*

### POWER WINDOW KITS

- With clamp lift ..... 1740-E ..... \$295.00 kit
- With channel lift ..... 1740-EX ..... \$298.50 kit

### AUTO EXPRESS MODULE ..... 1745-EX ..... \$35.00 kit

*Use with any switch set, runs driver window all the way down with touch of button just like today's cars*

### SUCTION CUPS Pair..... 1742-GH..... \$16.90 set

*Holds window up while you work on the door.*

### POWER WINDOW INSTALL KIT

*Kit includes heavy duty cross bars to hang motor on, correct spacers, hardware & instructions. Makes installation a snap. No power window kits have long or strong enough motor mounting bars, and finding correct metric bolts is a pain. Sy's kit is made to install 1740 power windows but works with most we have tried.*

- Install kit does both sides ..... 1737 ..... \$38.50 kit
- Just the Metric bolts and spacers ..... 81737 ..... \$7.50 kit

### POWER WINDOW REGULATORS

*New power window regulators go right back in stock location. Mount up with stock bolts, and use stock window lifts. Too easy!! Order choice of switches above, handle shaft will not work. Can not be used with solid side windows as the regulator and motor are located under the vent window area.*

- 1953-55, both sides ..... 1742-5355 ..... \$350.00 pr
- 1956, both sides ..... 1742-56 ..... \$350.00 pr
