

Doing electrical work but you just aren't quite sure of yourself? Pick up a copy of our Basic Auto Electricity Book. This fact filled book walks you through electricity from the basics to a complete automotive circuit diagram. And at just \$7.95, it's better than aspirin at solving electrical headaches!

"6-to-12" 3rd Brake Light Converter

#L74

Converter that changes 6 volt DC input to 12 volt DC output (1/2 amp maximum load). Great for using 12 volt LED 3rd brake lights (negative ground) in your 6 volt vehicle, either **negative ground** or **positive ground**!

Works with all StreetWorks LED 3rd brake lights.

Put a bright 12 volt LED 3rd brake light on your 6 volt system!

Manufactured by Watson's StreetWorks Rod & Custom Products

Thank you for buying a StreetWorks product. Be confident that it will provide the quality and performance that you demand for your car. *Please read and understand all installation instructions before beginning.* Planning and preparation will make the entire process easy and quick.

DISCONNECT POWER AT THE BATTERY BEFORE DOING ANY WIRING!

Choose the correct diagram shown on the reverse side of this page for your 6 volt dc system, either negative ground or positive ground, and wire the converter per that diagram as shown.

This converter is intended for use with almost any 12 vdc LED 3rd brake light but may be used for other electrical systems NOT TO EXCEED 1/2 amp draw. May not be used for any type of motor, fan, etc.

Check your load rating before installing this converter.

This converter is an electronic device. Any converter that is damaged by attempting to wire it without disconnecting power first, or from short circuiting connections, from overloading or from any other customer caused reason **will not be accepted for return** under our warranty terms and conditions.

Use the double sided tape to mount against a clean, dry, flat surface.

Watson's StreetWorks has an extensive line of street rod and custom car and truck parts with one of the largest selections of billet interior trim and electrical accessories. Check us out on the web at www.watsons-streetworks.com.

Thank you for buying our products !
