We chrome or rebuild some original pieces. This means we must exchange stock parts for the chromed or rebuilt part. Core charge is refunded as soon as we receive your acceptable Chromeable or Rebuildable part.

CORE CHARGES Listed in catalog are NOT an estimate of value.

They are an **INCENTIVE** (scare tactic perhaps) for the return of the original part.

Core charges are in **ADDITION** to the price of the product.

Some items like steering boxes have a low actual value (\$25.00 for instance) but a high Core Charge (\$100.00) because they are difficult to return, heavy, messy, etc.

INSTRUCTIONS FOR RETURNING YOUR CORES: MAKE SURE YOUR NAME, ADDRESS AND PHONE NUMBER IS INSIDE THE BOX

Some examples of cores and shipping tips listed below

The post office has a flat rate box that goes for about \$10.00 that is perfect for the steering box.

STEERING BOX CORES,

cut shaft off 2" above box, drain oil, wrap in plastic (oil is never completely gone) send without shaft, then box is only about a square foot. Steering boxes must have the outer plate, insides are not necessary as we discard them.

DEFROST DEFLECTORS, Must be in a box that will not bend, 53-55's can go in a carpet tube or piece of large sewer pipe. 1956's should be taped to piece of paneling, masonite, wide board, etc.

VENT GLASS FRAME CORES, only the inner frame around the glass is needed as the outer frame holds the vent rubber and does not show. Remove glass and on 1953-55 remove lower pivot assembly, handle bracket assembly, and upper pivot cup. 1956 remove lower pivot and handle bracket assembly only. No pivots, etc. received on cores can be returned.
