1. Clean and dry the tailgate, making sure there is no wax, oil, etc. on the raised letter part.
2. Cut out each letter and both side bars, leaving plenty of paper around each letter.
3. Peel away the slick paper from the sticky side and carefully position on raised portions of steel tailgate letter.

4. Gently, but firmly, smooth the letter down removing all air bubbles.
5. Carefully peel away the masking tape protective coating. A little water may be necessary to help loosen.
6. Enjoy!

We use the highest quality Mylar available, however Mylar will deteriorate with age and weather.

If it fades during the first 2 years we will replace it at 50% of cost.

During the second 2 years we will replace it at 75% of cost.
