

CROSS MEMBER TO FRAME WOOD BLOCKS

PART#:

F2-0215

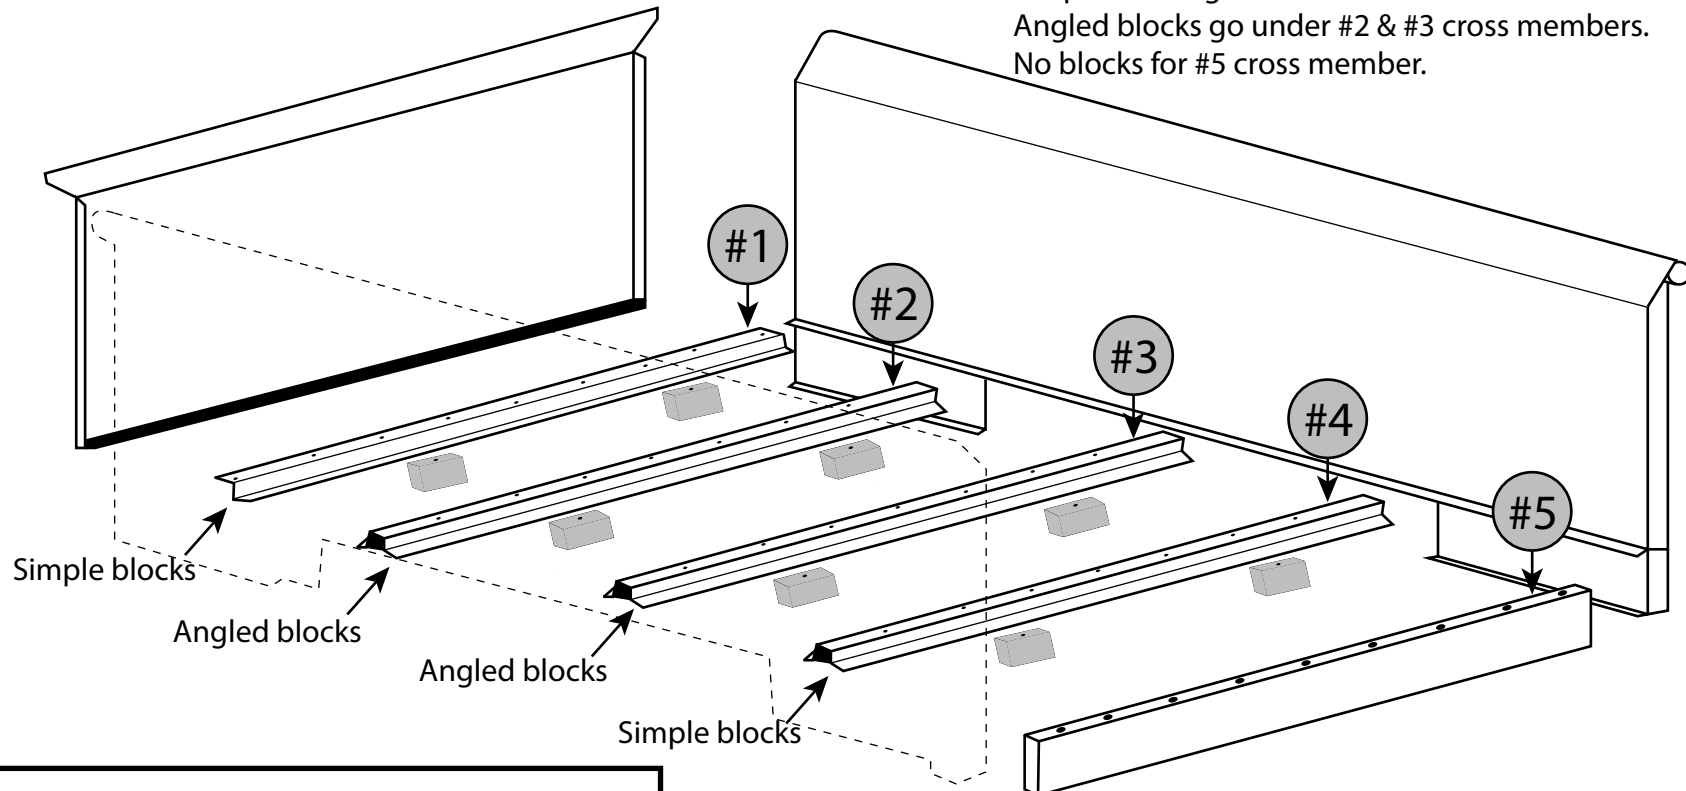

PAGE#:

1 OF 1

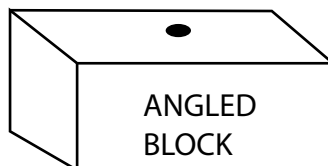

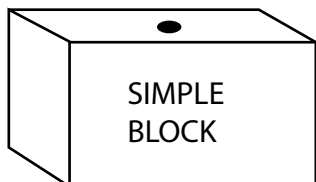

@#\$%*!@#\$*! INSTRUCTIONS

MID FIFTY F-100 PARTS (800)-252-1956 midfifty.com

Mounting blocks go between the cross member and the frame.
Simple blocks go under #1 & #4 cross members.
Angled blocks go under #2 & #3 cross members.
No blocks for #5 cross member.

Kit contains 4 simple blocks that are flat on all sides, and 4 blocks that have one short side, creating an angled mounting hole surface.

The angled part of the block sits on the frame, and the flat part fits inside the cross member. The angle on the block counteracts the angle on the frame, to help the bed sit level.
